Missionaries to South Africa

www.reachingsouthafrica.org acct# 2685139

I'm excited to write our first newsletter of this term from South Africa! We want to thank all the churches, individuals, and family members who give sacrificially to allow us to serve on the mission field. It was great to see many of our supporters during our time in the States. We are honored to be your hands and feet in South Africa.

Family Update:

We are all glad to be back in our home in Cape Town and are settling in. The boys jumped right back into life on the field and are getting reacquainted with all their friends. We're back in the routine of school and ministry, and we're doing great. Thanks for your prayers during this transition time.

Ministry Update:

We hit the ground running. We've visited all our local Assemblies and our pastors in the area. It has been wonderful to reconnect with them all. I also met with the General Superintendent of the International Assemblies of God. We talked about church planting and many other things. It was great to hear his heart and what he wants us to be a part of during this term. Erin and I have started weekly meetings with our church planting team. We can't wait to see what God is putting together and what this team will accomplish.

Prayer Requests:

1. To continue to settle in and adjust to life back in South Africa
2. For favor and great insight as we continue to meet with the church planting team and plan our path of ministry
3. For funds to continue to come in so we can accomplish the work God has called us here to do
